# My Favorite Service Project

One of my favorite service projects is Hands Across Duluth because we get to help people while also having fun. During the day, we do things like make meals and plant gardens, and in the afternoon we do things like paddleboarding and going to the beach.

Another one of my favorite service projects is Vacation Bible School. I used to go to it when I was a kid, and now I get to be a counselor. I remember when my older siblings were counselors and now I get to be one too. I love getting to recreate the memories that I have from it with the kids that go to it now.

Important People/Places  
in my Life

I am very close with my family and they have all had a great impact on life. My parents have taken me to church almost every Sunday since I was little. My siblings always made church fun for me when I was little.

Episcopal Youth Music Camp (EYMC) is a camp I go to every year. I wasn't able to go last year because of COVID but I hope I can go back soon. I have made many lifelong friendships there.

# Faith Statement

I believe God created the Earth and is constantly shaping it.

believe the Holy Spirit is constantly with me, pushing me to  
make good choices.

How My Faith Will Help  
Me Navigate The Future

I believe that God will help me as I finish high school and go through college. I believe that God will push me to continue being a good community member.
