

# My Confirmation Faith Project

Calvin Butcher

# Favorite Service Project

My favorite service project was greening the church. This was really fun and enjoyable because we got to put lights and ornaments on the big tree, and put wreaths and pine boughs all over the church.

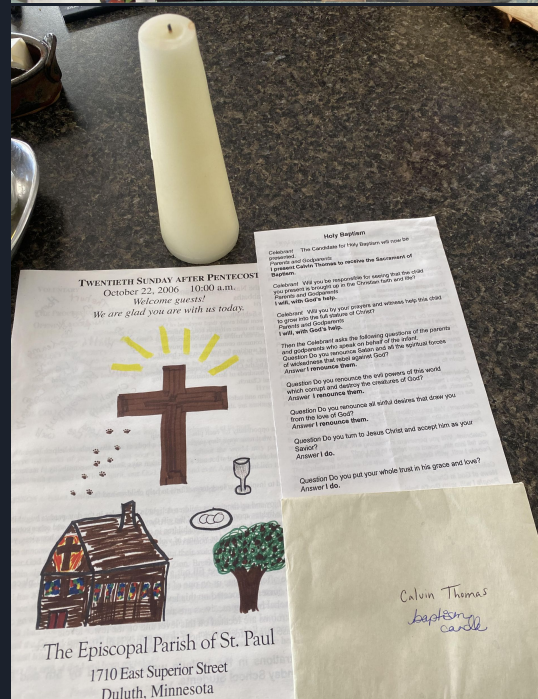

# Baptism Memories

My godparents Meredith & Kevin Nevers came from Indiana with their daughters for my baptism. So did my Grandma & Grandpa Hansen. It was my Grandma's 62nd birthday (October 2006) and we made her a cake the night before my baptism.

Father Bill Van Oss baptized me and my mom dressed me in a white sweater with a lion on it.

My mom saved the program and card from the Altar Guild for my baptismal candle.

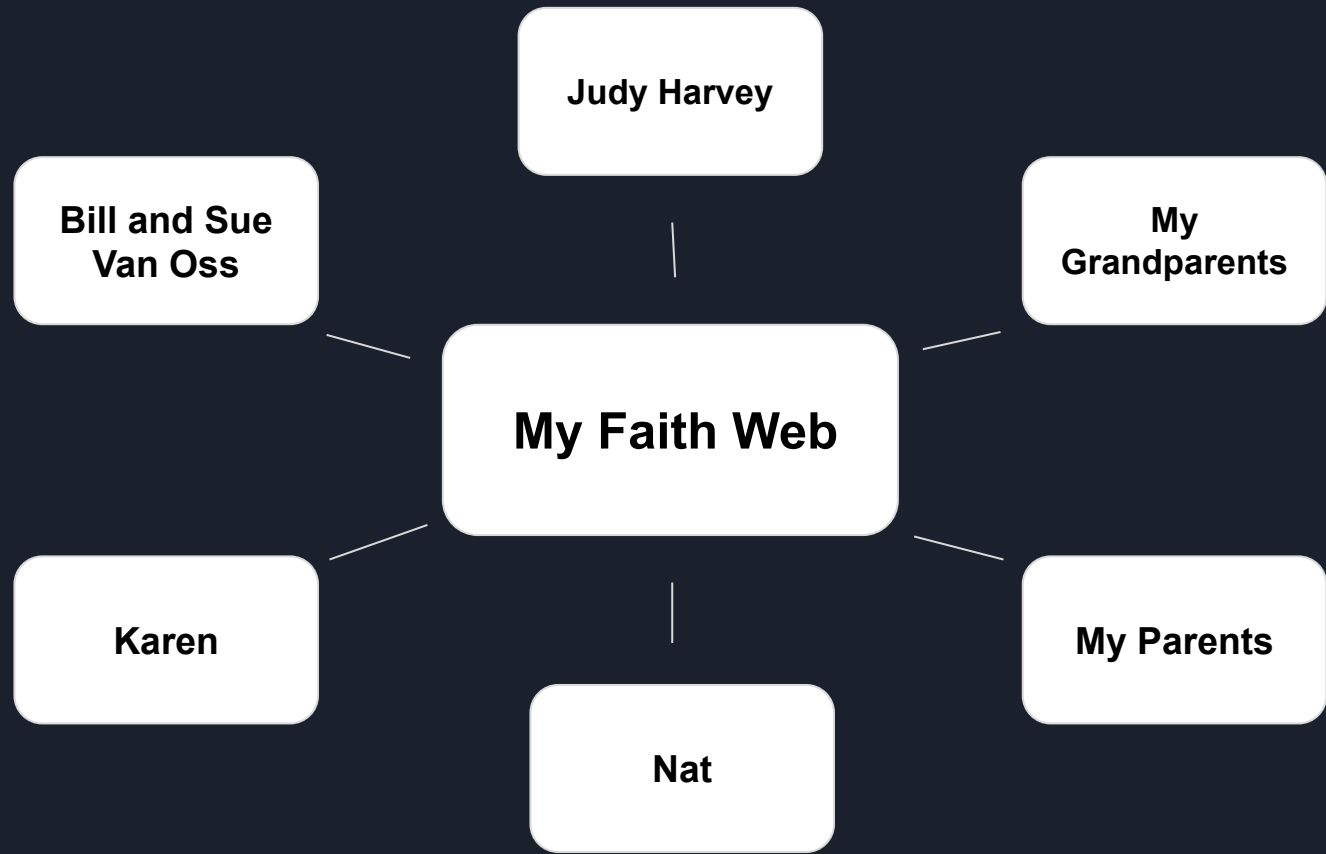

After the service my parents had a baptism luncheon party at our house.

# Important Areas

One important area in my life is the Boundary Waters. Me, my dad and sister have been going to the Boundary Waters since we were little. This is a very special place because of how quiet, beautiful and peaceful it is. This place makes me feel closer to God.

# My Faith Statement

Going forward I want to keep connected to my faith through this community and give back to the church. I plan on helping out and serving wherever I can. Long term I will stay connected to my church and my faith by going to services every Sunday I can and wherever I move to throughout my life.
