# Important Areas, Moments, and People of My Life

One of the most important areas of my life is sports. My favorite memory was from my 12UA State Hockey Tournament. In our first game we beat Andover after 5 overtimes in order to advance to the semi finals. It was one of the best games I have ever played. Then we went on to win 3rd place at State which was a huge accomplishment. It taught me about love for the sport and gave me lost of confidence to continue throughout the tournament.

# Favorite Bible Verse

Isaiah 41:10

“Don’t fear, because I am with you; don’t be afraid, for I am your God. I will strengthen you, I will surely help you; I will hold you with my righteous strong hand.”

This is my favorite bible verse because it reminds me that god is always with me when I need it and he gives me strength.

# My Faith Web

At St. Pauls I see saints everywhere throughout our church community. Someone who I think should be celebrated as a saint is Karen because she has help me and so many other people through our faith and confirmation journey. I also see my faith web when I worship at St. Pauls. During church it is always nice to see more familiar faces because It makes you feel like you are apart of a community. Having a group of people that you know and can talk too after the service. My faith web defines my participation because it shows all of the ways I have met people threw helping with the church.

# Favorite Service Project

My favorite service project was when I was at Hands Across Duluth. We were helping Loaves and Fishes all day. I helped build shelves for a pantry, replenish the wood chips in the playground, water and harvest the garden, and help make and deliver meals for the houses. During the whole weekend I felt connected to god because helping people and volunteering is one of the times when I feel god most present in my life.
