

# My Faith Journey

---

By Gabe

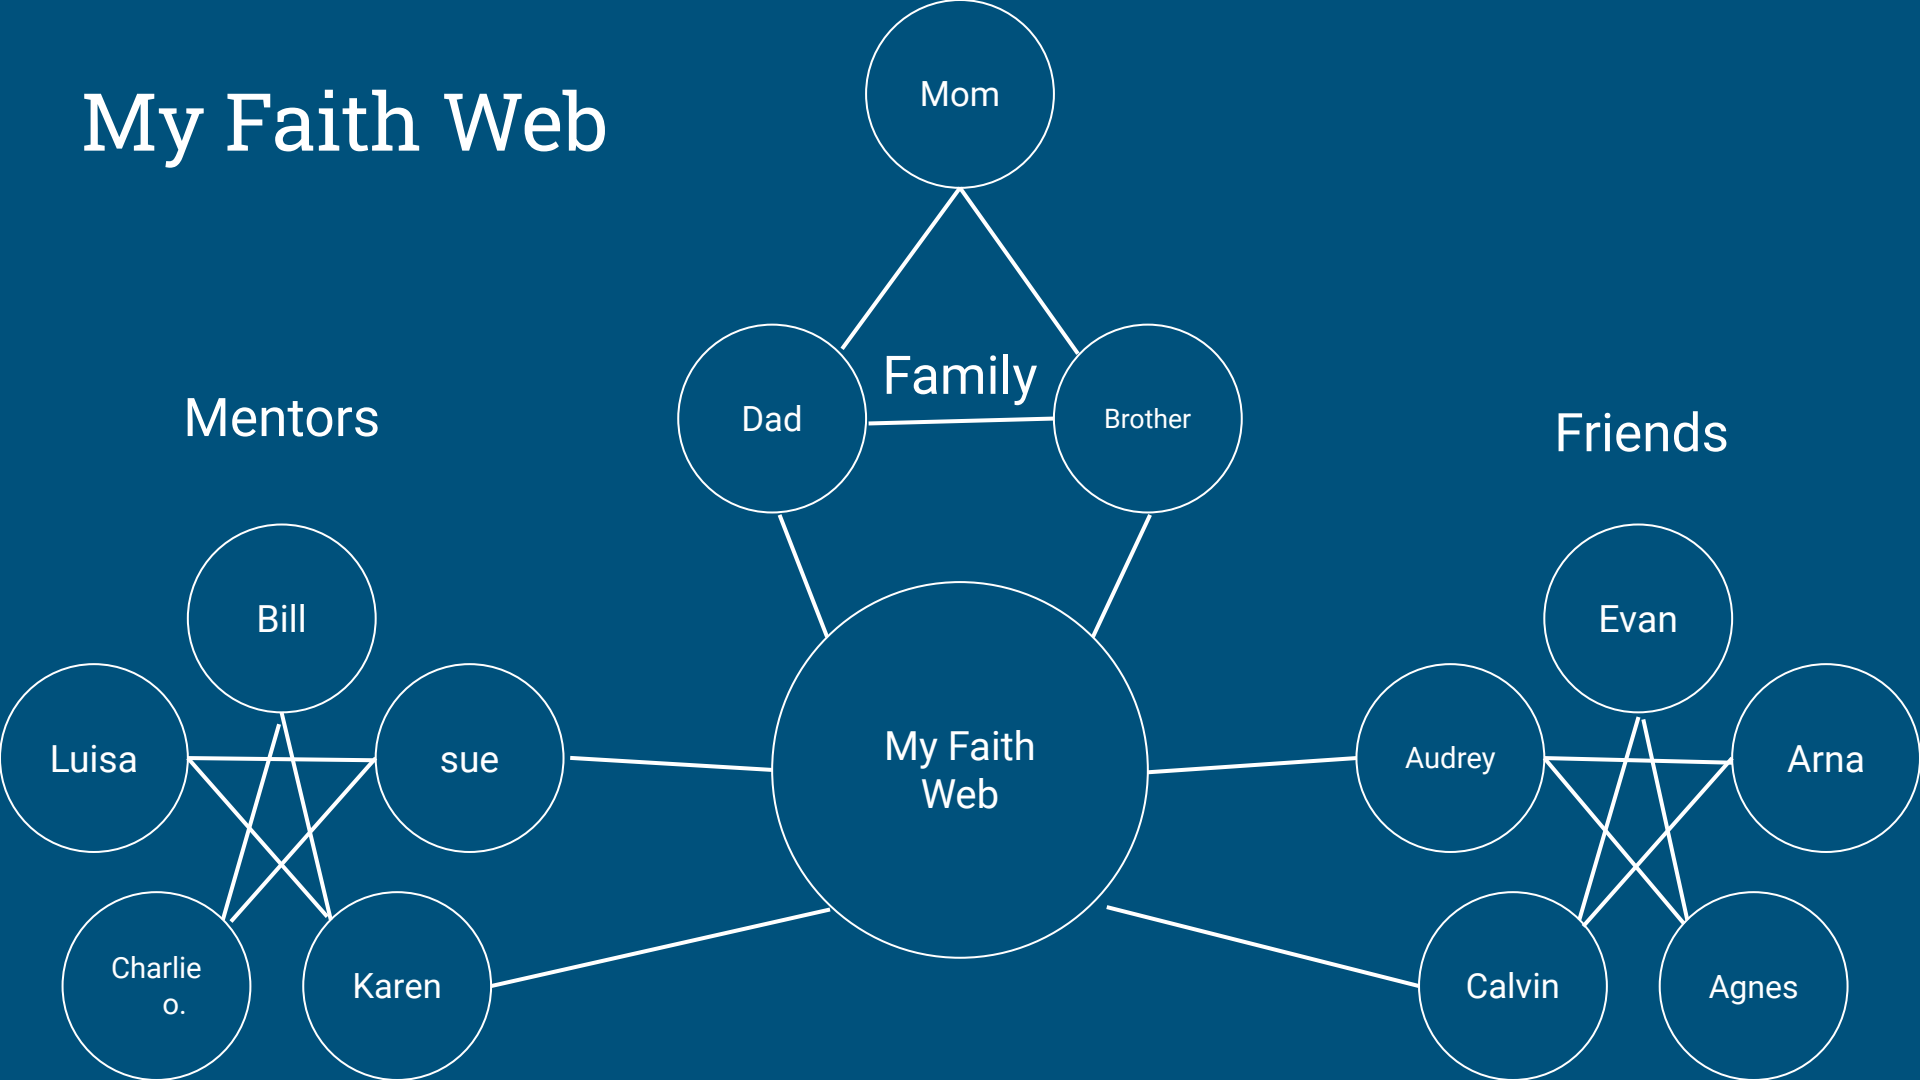

# My Favorite Service Project

My favorite service project has always been the three day i spend helping others through a program called Hands Across Duluth. It is a fun way that we can give back to our community. My favorite service project was when we helped in the gardens at the fond du lac reservation. We learned lots about the native american's relationship with the land. After we had finished working we were invited to one of their pow wows where we got to see lots of traditional regalia and dancing as well as eat lots of good food.

# Important Areas of my Life

---

Soccer is an important area of my life. It taught me how to be uplifting and how to be a leader. I think that it helps connect to God because it's one way I can help others and inspire them to do well.

Another important part of my life is school. I have made a lot of my friends while in school. School is also a way I can connect with God. I connect with God by helping my friends. I think that helping anyone is an important part of serving God.

# My Favorite Bible Verse

---

“Jesus answered, ‘The foremost is, ‘Hear, O Israel! The Lord our God is one Lord; and you shall love the Lord your God with all your heart, and with all your soul, and with all your mind, and with all your strength.’ The second is this, ‘You shall love your neighbor as yourself.’ There is no other commandment greater than these.”

-Mark 12:29-31

This passage was always important to me because It talks about loving God with everything you have. I think that this has been important in my life because I have tried to give 100% in anything I do. I try my best in all that I do wether its school or sports or something else. The second reason that was important to me is because It refers to the commandment “you shall love thy neighbor as thyself”.

# Moving Forward as a Disciple

---

I think that living as a disciple means following the baptismal covenant. It means that you have to be respectful and nice to all people. It means that you have to help people in need. I want to continue helping people as I grow up and I plan on choosing a job that will somehow give back to my community or allow me to help others. I also think that God can help me as a student. Sometimes things can feel stressful and remembering that god is always there can be comforting.
